Ipswich  
IP8 4SP

By joining now your application would be put to the committee for approval at our next meeting. This would then enable you to enter our Shows, Working Tests and Field Trials at member's rates. Please give this some careful consideration, we would love to have you on board as members.

The Hungarian Vizsla Society exists to try and protect and care for our wonderful breed in this country. We would welcome your input, whether it is comments and general feedback, new ideas, assisting or participating in one of our many events, contributions to the Newsletter ... anything you feel you can share!

Last year the HVS events comprised of 6 Field Trials, a Working Test, a Water Training Day, a Championship Show, and an Open Show. We host and run the HVS website [www.vizsla.org.uk](http://www.vizsla.org.uk) and produce two Newsletters a year, so that we can keep our members updated with highly informative articles on the breed, health issues, and other information about what's going on in the Vizsla world.

And last, but certainly not least, we must also mention the stalwart work of our HVS Vizsla Rescue, which continues to do an excellent job, rescuing and re-homing unwanted Vizslas.

All of the above relies not only on the voluntary efforts of the Committee but in order to function we do need sources of finance, one of which is the membership subscription. By being members of the HVS not only do you enjoy the benefits of a major breed society recognized by The Kennel Club; you are also making a positive and necessary contribution to the Vizsla breed in enabling us to carry on the work we do on behalf of yourselves.

I enclose a membership application form, which I hope you will complete and return to me.

Yours sincerely,  
Keith Earl
